SAN DIEGO CITY SCHOOLS
Scripps Ranch High School
Student Connect Responsibility Contract

Collaboration and communication between parents, staff, and students are a priority at our school. In an effort to build on this belief, and to ensure academic success for all students, we are implementing Student Connect. The Student Connect application provides students secured Internet access to a wide array of student school data such as: district, school and classroom news; student demographics; student schedules; attendance activity; class assignments; report cards and progress reports; standardized testing results and e-mail links to teachers, counselors, and school administrators.

Please read the "Network Use Guidelines" for San Diego City Schools before signing this document. This is a contract and must be signed before you will be given access to San Diego City Schools' wide area network (SanDiNet) and Student Connect (most students already have this document on file with the school).

I understand and will abide by the above terms and conditions for access to SanDiNet and/or the Internet.

I understand that the signatures at the end of this document are binding and indicate the parties who signed have read the terms and conditions carefully and understand their significance.

I further understand that any violation of these regulations is unethical and some actions could constitute a criminal offense. Should I commit any violation, my access privileges will be revoked, school disciplinary action will be taken against me, and appropriate legal action will be considered.

However, I also recognize it is impossible for San Diego City Schools to restrict access to all controversial materials, and I will not hold them responsible for materials acquired on the network.

If this student has access to the Internet in a setting other than school, I acknowledge that the school district is not responsible for any material the student may access.

I hereby give my permission for the above-named student to have access to SanDiNet, the Internet, and Student Connect.
